PAY OF 100,000 WORKERS CUT

Wages in Packing Industry Reduced 12 Per Cent

AFFECTS ENTIRE COUNTRY

Goes Into Effect March 14—Hours Also Changed

CHICAGO — (By Associated Press) — Wage decreases of approximately 12 1-2 per cent, affecting more than 100,000 employees of the packing industry in all parts of the country, were officially announced today. The reductions are effective on March 14.

At the same time, there will be a revision of working hours, time and one-half for overtime being paid only after ten hours labor in any one day or after 54 hours in any one week. Double time will be paid for Sundays and holidays.

The new wage scale reduces the wage rate of all hourly paid employees 8 cents per hour. The piece work rates are reduced 12 1-2 per cent. At present the lowest rate paid labor is 53 cents an hour. Under the new scale, this will be cut to 45 cents. The higher paid employees will be reduced proportionately. The minimum wage guarantee for 40 hours pay per week will be continued.

PLAN FOR FUTURE

It was also announced that the packers are now working out plans to establish closer relations between the workers and the management of the various plants with a view to giving the employees a voice in all matters of mutual interest. Declaring that the industry has grave problems to face in the months and years ahead, the packers expressed the belief that the time has come when employees and employers should join in discussing and deciding the conduct of the business, and said that an announcement of the details of the plan would be made in the near future.

"The reduction of 12 1-2 per cent in wages is very small in view of the fact that packing house wages average three times as much today as they did before the war," said J. Ogden Armour, president of Armour and Company, in discussing the decreases.

AGREEMENT CANCELLED

"Despite the lower rate, employees can probably earn as much or more than under existing conditions. The forty-hour minimum wage with its basic 8-hour day, has demonstrated positively during the two years that it has been in effect that it results in decreased weekly wage earnings for the employees. The adjustment should enable all plant employees to average 48 hours wages per week and their earnings will compare favorably with the earnings of similar workers in other industries."

The orders for the reduction in wages follows the cancellation by the packers on February 26, of the wartime arbitration agreements for settlement of all disputes with their employees.

A meeting of packing house employees from all parts of the country will be held in Omaha, Neb., Wednesday and Thursday, to consider the reduction and abrogation of the arbitration agreements.

OHIO BOY MISSING

Letter to Girl Indicates Intention of Suicide

CINCINNATI — (By Associated Press) — A search is being made in Cincinnati for Donald J. Lutes, 17, 265 South A-st., Hamilton, Ohio, who is said to have left his home in that city Saturday. The search was hastened by a letter postmarked Cincinnati, received by Miss Earsel Lutes, of Hamilton. In the letter, which was signed "Donald," it was said that he would soon be where he could see nobody, as he was tired of living.

The letter further stated: "I am very sorry beyond expression in words for what I told you to tell Lucy. I truly believe that the reason she didn't want to go with me is because I treated her as cold as I could. But as my life is only a matter of a few days at the most, I don't want to leave any enemies behind. Ask her to forgive me as my last favor. I am that grim determination that death can satisfy."

The identity of "Lucy" is not disclosed.

GIRL HELD PRISONER

CINCINNATI — Police spread a dragnet here today for nine men whom Lydia Marneese, 23, alleges held her a prisoner for a day and a night in a deserted house. She said she was lured there by being invited to a dance and dragged into the building at the point of a pistol. An 18-year-old suspect denies he is guilty.

HIGH FREIGHT RATE MAY STOP MILLS

Lumbermen Declare Boost Is Decided Hardship

GO INTO EFFECT MARCH 14

Charges on Logs Raised to \$7.70 Per Thousand Feet

GREEN BAY, Wis. — (By Associated Press) — The new high freight rates for saw logs which will go into effect March 14, when saw log rates will be determined by weight, will work a decided hardship on many lumber mills in Wisconsin, Michigan and other states where lumbering is an industry, it is declared by lumbermen here. Determination by weight of logs will make rail charges about \$7.70 per thousand feet, the lumbermen say. The mills which will be mostly affected are the ones which get their logs by rail from points in Northern Wisconsin and Michigan.

The former rates were \$3.50 per thousand feet which was afterwards increased to \$4.16 1-2 and later another raise sent the rate to \$5.50 per thousand feet, the latter price being paid at the present time. One thousand feet of logs weighs approximately 14,000 pounds.

It is the opinion of saw mill owners that the increase in freight rates for logs may close many mills and also lumber camps in the northern woods. Many million feet of timber has been cut this year, they said, and the logs are laying where they have fallen, due to the inclement weather. Not enough snow has fallen to take the logs to the railroad to be shipped to the mills.

It is said by lumbermen that to remain in business a lower freight rate than \$7.70 per thousand feet will have to be had for lumbermen who get their supply of logs by rail.

PENNEL CHOSEN

Will Be Named Assistant Dry Chief of Ohio

COLUMBUS — (By Associated Press) — State Probation Commissioner Parker is expected to announce the personnel of his office and field staffs during the day.

It is reliably reported that R. J. Pennell of Marion, will receive the position of assistant commissioner, the salary of which is \$3,600 per year. George H. Lamb of Fremont, is understood to be slated for the position of executive clerk.

The choice of Pennell for assistant commissioner is understood to have been made after Roy Carpenter, former prosecuting attorney of Jefferson-co., had declined the position. Mr. Pennell taught school for many years and at present is president of the Marion city school board. He is a bond salesman.

HELD LOVE PRISONER, ACCUSED WOMAN SAYS

ARDMORE, Okla. — (By United Press) — Clara Smith is prepared to give the world the most sensational bit of scandal since Evelyn Nesbit Thaw wrote her life's history in court records.

Clara Smith, who stands trial Thursday for slaying Jake L. Hamon, national political power, and miracle man of the southwest, is to tell all to the jury, it was definitely understood here today.

Liberty looms sweet to the secretary-protégé of the "dead million" here. She will spare nothing—not even the most intimate details of her life with Hamon, to walk out of court a free woman. The death bed statement of Hamon that he accidentally shot himself while cleaning his pistol, will perhaps never be presented by Clara Smith's attorneys.

They do not believe it would stand. The state has witnesses who will swear that she has confessed to

LIMA MAN SEEKS FEDERAL JOB

P. A. Kershaw May Be Named 2nd Asst. P. M. General

SENATOR WILLIS NEUTRAL

Two Are Recommended to Will Hays for \$6,000 Post

A dispatch from Washington Tuesday states that United States Senator Frank B. Willis declared his neutrality in the contest between Percy A. Kershaw, of Lima, and A. L. Behrmer, of Cincinnati, for his endorsement for a position as second assistant postmaster general and that he has recommended both to Postmaster General Hays.

Kershaw, who resides at 335 N. Charles-st., is chief railway mail clerk on the P. Ft. W. & C. R. R. between Pittsburgh and Chicago and is said to be an expert in the handling of mail. He formerly resided in the Lafayette district and received the endorsement of the Allen-co Republican executive committee for the place, Colonel A. E. Gale, the chairman, stated Tuesday.

POST PAYS \$6,000

It is understood the position of second assistant postmaster general, to which Kershaw aspires, carries with it a salary of \$6,000 a year.

Behrmer is an inspector in the postal department, examining postoffice accounts in the Cincinnati district.

Which of the two men will be selected is now up to Postmaster General Will Hays.

Friends of Kershaw, who are supposed to be "on the inside" in affairs of the new administration, state that the Lima man is in a fair way to realizing his ambition for appointment to the responsible position.

KERSHAW OPTIMISTIC

"I don't believe it," said Kershaw at noon Tuesday, when he was informed that a statement emanating from Washington represented Senator Willis as having decided to remain neutral.

"I have Willis' promise, verbally and written," Kershaw said, "to assist me in every way possible in attaining the position. And I'm going to get it. I am certain that I have the support of Senator Willis, Attorney General Daugherty and President Harding. Promises of support in my behalf have been given by these men. Senator Willis gave his word to Colonel J. W. Hall, and other men of this city, in addition to myself and besides I have letters from Senator Willis in which he absolutely commits himself to my behalf."

"The statement that he will remain neutral is certainly wrong. I happen to know that I have the support of most everyone concerned, save Postmaster General Hays, who is favorable to the appointment of Clyde Reed, secretary to Governor Allen of Kansas, as a reward for the part Reed played in saving the Kansas delegation to the support of Harding at the presidential convention at Chicago."

MARRIED ON WRONG SIDE OF STREET, WED AGAIN TO MAKE THE TIE LEGAL

DANVILLE, Ill. — Because they were married on the wrong side of a street, Mr. and Mrs. Almon J. Leneve, of Danville, wedded since 1903, went thru a second ceremony at Urbana, to make the wedding legal in Illinois. After obtaining a license in Illinois, Leneve decided that the ceremony should be performed in the new home he had fitted up for his bride in the town of State Line, on the Illinois-Indiana border. The house was just over the line in Indiana, but the question of legality of the license did not occur to the Leneves until recently at the marriage of their daughter. Attorneys were consulted and as a result the second wedding was arranged.

DR. SAWYER PICKED

Named by Harding As His Personal Physician

WASHINGTON — (By Associated Press) — President Harding has definitely appointed Dr. C. E. Sawyer, of Marion, his personal physician and expects to nominate him in the near future for the rank of brigadier general in the army medical corps.

Dr. Sawyer's commission would follow a custom of years under which the president's physician has been an officer in the army or navy medical service.

The doctor has been the Harding family physician for a number of years and accompanied Mr. Harding on his trips away from Marion after he was nominated for the presidency. Dr. Sawyer has specialized in nervous diseases and is the proprietor of a sanitarium at Marion.

ATTORNEY KILLED

Body Found on Pennsylvania Track at Akron

AKRON — (By Associated Press) — The body of P. T. Zimmerman, 28, attorney, was found this morning along the Pennsylvania railroad tracks here, a mile from the station, where last night he took a Pullman for Columbus. His skull was fractured. Police today had no explanation as to how he fell from the train.

Zimmerman left here in company with Walter Gruener. No word has been received from Gruener who was also bound for Columbus.

The dead man came here four years ago from Columbus to take charge of the Akron office of the State Industrial Commission. He later resigned to practice law.

GRUENER IN COLUMBUS

COLUMBUS — (By Associated Press) — Mr. Gruener, who left Akron last night with Mr. Zimmerman, was registered at a hotel here today.

He said he knew nothing of the accident until advised this morning by Akron friends. He said he bid Zimmerman good night and went to bed just as the train was leaving Akron last night.

Cooper May Be Named Member of Commerce Board

CLEVELAND — (By Associated Press) — A Washington dispatch to the Cleveland News says the appointment of Congressman John G. Cooper of Youngstown, to be a member of the interstate commerce commission is expected to be announced from the White House this week.

President Harding is understood to have definitely decided to name Cooper for one of the existing commission vacancies.

Cooper worked as a locomotive fireman and engineer for 17 years and President Harding is said to be impressed with the desirability of appointing a practical railroad man to the commission. The salary is \$12,000 a year.

BRITISH ADVANCE

LONDON — (By Associated Press) — Orders for the advance of the British troops upon Duesseldorf were issued at the British war office last night. It was reported here today. There are at present 12,000 British soldiers in Germany, of whom 4,000 are on temporary duty in Upper Silesia. It is believed the forces along the Rhine will be reinforced so that they will number 12,000. Four battalions being ready to go to the British section of the German occupied territory.

Any attempt on the part of the Germans to evade the new customs zone along the Rhine by diverting trade thru Rotterdam or other port on the North sea will be promptly countered by an allied blockade, it is declared by the Daily Mail.

COSTA RICA HEEDS U. S. DEMANDS

Will Withdraw Troops From the War Zone

PANAMA ANSWER AWAITED

Washington Uncertain As to Situation Pending Reply

WASHINGTON — (By Associated Press) — Costa Rica having announced its intention to comply with the recommendations of the United States government looking toward settlement of the Panama-Costa Rican conflict, state department officials today awaited the reply from Panama to the identical notes dispatched to that republic and Costa Rica.

ADVANCE HAILED

The Costa Rican government, replying last night thru its minister here, to the American note, said that orders had been issued for immediate withdrawal of its forces from the disputed territory beyond the Sixola river and that instructions had been sent to its troops on the Pacific side of the Panama-Costa Rica boundary to advance no farther.

The Costa Rican government also announced its readiness to accept the demarcation of the boundary between its territory and that of Panama as fixed by Chief Justice White of the United States.

U. S. REQUEST

The text of the note dispatched to Costa Rica by Secretary Hughes, which with the Costa Rican reply was made public last night by the state department, showed that the United States earnestly urged Costa Rica at first, to cease hostilities, second to withdraw its troops from beyond the Sixola river line and instruct those beyond the status quo line on the remainder of the front to advance no farther, and third, to make an appropriate settlement in accordance with the decision of Chief Justice White.

AMERICANS MAY BE WITHDRAWN

Cabinet Considers Bringing Forces From Germany

WASHINGTON — (By Associated Press) — Withdrawal of the American army of occupation on the Rhine is understood to have occupied a prominent place in the discussion at the first meeting today of President Harding and his cabinet officers. An official announcement was withheld, but it was indicated that the administration's policy might be made known soon.

Pressure has been exerted in the senate for some time to have the American forces withdrawn from Germany and predictions were made repeatedly that the forces would be returned to this country soon after the new administration came into office. The movement of the allied armies today is expected to hasten a decision on the question.

INVASION EDICT QUICKLY CARRIED OUT BY ALLIES

Berlin Will Not Oppose Occupation by Force

CABINET REFUSES TO ACT

Germans View the Situation With Resignation

BERLIN — (By Associated Press) — Occupation of Duesseldorf, Duisburg and Ruhrort by allied forces will not be opposed by the German government, it was indicated here early this morning. The cabinet was in session until 11 o'clock and then dispersed without taking any action calculated to meet the situation which had arisen between Germany and the allied nations.

It has been hoped that some means of avoiding a final break might be found, in view of the informal conference between Dr. Walter Simons and Premier Lloyd-George and Briand during the past three days. Speaking of the allied penalties, a cabinet member stated after the adjournment of the meeting.

"We must bear them with dignity."

GERMANS RESIGNED

Details of the last session of the reparations conference in London had not been received here at midnight. The last news received from Dr. Simons indicated the German delegation had prepared to leave London this morning.

Members of the cabinet who were willing to talk viewed the situation with a show of resignation and declared nothing would be said or done until the effect of the entente invasion had been demonstrated practically.

Information was received at the chancellery late yesterday afternoon that Belgian billeting squads had appeared near Neuss. Early last evening, the government was advised that contingents of French troops had moved to the edge of the zone and were ready to advance, while others were coming down the Rhine on river boats.

GERMANS WARNED

DUESSELDORF — Inhabitants of this city were warned in a proclamation issued by the mayor today against taking a provocative attitude toward the allied forces occupying the town. They were asked to be dignified and quiet, to refrain from demonstrations and to keep off the streets. Women and children were especially warned to remain at home.

Up to the hour when British, French and Belgian troops entered Duesseldorf, the people knew nothing of the nationality of the forces to be moved into the city, nor was the hour of their arrival known. The population was gloomy, but resigned to the situation.

BE PATIENT, HAVE FAITH, EBERTS' APPEAL

BERLIN — (By Associated Press) — Friedrich Ebert, the German imperial president, declared in a proclamation issued today that Germany was not in a position to use force to oppose forceful methods of the allies in occupying additional German territory, but that she nevertheless protested vigorously what the president declared was an open violation of the treaty of peace.

The president's proclamation was as follows:

"Fellow citizens:

"Our opponents in the world war imposed on us unheard of demands, both in money and kind, impossible of fulfillment. Not only ourselves, but our children and grandchildren would have become the work slaves of our adversaries by our signature. We were called upon to seal a contract which even the work of a generation would not have sufficed to carry out.

"We must not and we cannot comply with it. Our honor and self-respect forbid it.

"With an open breach of the peace treaty of Versailles, our opponents are advancing to the occupation of more German territory.

"We, however, are not in a position to oppose force with force. We are defenseless.

"Nevertheless we can cry out, so all who still recognize the voice of righteousness may hear.

"Right is being downtrodden by might.

"The whole German people is suffering with those of our citizens who are forced to suffer foreign domination. With firm hands must this sorrow unite us in one sentiment, one will.

"Fellow citizens, meet this foreign domination with grav dignity. Maintain an upright demeanor. Do not allow yourselves to be driven into committing ill-considered acts. Be patient and have faith.

"The imperial government will not rest until the foreign power yields before our right."

Zimmerman, 28, attorney, was found this morning along the Pennsylvania railroad tracks here, a mile from the station, where last night he took a Pullman for Columbus. His skull was fractured. Police today had no explanation as to how he fell from the train.

Zimmerman left here in company with Walter Gruener. No word has been received from Gruener who was also bound for Columbus.

The dead man came here four years ago from Columbus to take charge of the Akron office of the State Industrial Commission. He later resigned to practice law.

GRUENER IN COLUMBUS

COLUMBUS — (By Associated Press) — Mr. Gruener, who left Akron last night with Mr. Zimmerman, was registered at a hotel here today.

He said he knew nothing of the accident until advised this morning by Akron friends. He said he bid Zimmerman good night and went to bed just as the train was leaving Akron last night.

OHIOAN IS SLATED

Cooper May Be Named Member of Commerce Board

CLEVELAND — (By Associated Press) — A Washington dispatch to the Cleveland News says the appointment of Congressman John G. Cooper of Youngstown, to be a member of the interstate commerce commission is expected to be announced from the White House this week.

President Harding is understood to have definitely decided to name Cooper for one of the existing commission vacancies.

Cooper worked as a locomotive fireman and engineer for 17 years and President Harding is said to be impressed with the desirability of appointing a practical railroad man to the commission. The salary is \$12,000 a year.

BRITISH ADVANCE

LONDON — (By Associated Press) — Orders for the advance of the British troops upon Duesseldorf were issued at the British war office last night. It was reported here today. There are at present 12,000 British soldiers in Germany, of whom 4,000 are on temporary duty in Upper Silesia. It is believed the forces along the Rhine will be reinforced so that they will number 12,000. Four battalions being ready to go to the British section of the German occupied territory.

Any attempt on the part of the Germans to evade the new customs zone along the Rhine by diverting trade thru Rotterdam or other port on the North sea will be promptly countered by an allied blockade, it is declared by the Daily Mail.

HELD LOVE PRISONER, ACCUSED WOMAN SAYS

ARDMORE, Okla. — (By United Press) — Clara Smith is prepared to give the world the most sensational bit of scandal since Evelyn Nesbit Thaw wrote her life's history in court records.

Clara Smith, who stands trial Thursday for slaying Jake L. Hamon, national political power, and miracle man of the southwest, is to tell all to the jury, it was definitely understood here today.

Liberty looms sweet to the secretary-protégé of the "dead million" here. She will spare nothing—not even the most intimate details of her life with Hamon, to walk out of court a free woman. The death bed statement of Hamon that he accidentally shot himself while cleaning his pistol, will perhaps never be presented by Clara Smith's attorneys.

They do not believe it would stand. The state has witnesses who will swear that she has confessed to

BRIDGE AWARD IS RECONSIDERED

Board of Control Withholds Elm-st Contract

MADE TO LEWIS & COPELAND

Two Other Bidders Lower and Objection is Filed

The Board of Control, on motion of Mayor Frank A. Burkhardt, Tuesday morning voted to reconsider the award of a contract for the construction of the Elm-st bridge over the Ottawa river. The board decided Monday that the contract be given to the Lewis & Copeland Co. at their bid of \$76,231.50, altho the Ora M. Green Co. bid \$74,822 and the Lima Construction company bid was \$73,722.50.

ACTION IS PROTESTED

Representatives of the Lima Construction Co. protested against the action to the Service Director Elmer McClain, a member of the board of control, Monday night. The protest was carried to the Mayor, who called a meeting of the Board Tuesday morning and which resulted in a reconsideration of the award of the contract. Safety Director Fred Fisher is also a member of the board.

"The contract was awarded Lewis & Copeland on the ground that it was the best, altho not the lowest offer," Mayor Burkhardt stated. "Of course, there is some question as to just what is best, so when we received further information after we had announced our intentions, we voted to reconsider."

SEVERE STATEMENT

Service Director McClain said he did not favor awarding the contract to the Ora M. Green company, altho capable, because that company was awarded the contract for the Northeast bridge and that he feared the company might sacrifice one bridge for the other and be wanted immediate construction.

"I understand," McClain said, "that the Lima Construction company had no engineer with sufficient experience to construct the bridge and that the company has never constructed a bridge."

The Hanomans Bros. & Co., of Detroit, exclusive bridge building company put in a bid \$84,729.40. No further action will be taken, it was announced Tuesday, until the situation concerning the bids is further investigated and considered.

CALL SURPRISE TO LIMA PASTOR

Rev. A. E. Bay Invited to Pastorate of Indiana Church

Thru medium of a message received at this office Tuesday, from Father, Rev. Arthur E. Bay, pastor of Immanuel Evangelical Lutheran church, this city, was notified that the Immanuel Lutheran church at Michigan City, Ind., had voted him a call to the pastorate of that church, to fill a vacancy occasioned by the resignation of the Rev. O. A. Sauer, called to the Redmond, Ind., church.

Mrs. Bay stated at noon Tuesday that her husband had not received notice of the invitation to take the pastorate of the Michigan City church and that he knew nothing about it whatever. Information from the home of Rev. Bay, 416 S. Jackson-st., was to the effect that he had no intimation of a call from Michigan City.

Mrs. Bay, wife of the pastor of Immanuel church, stated that the information was a surprise. "Of course," Mrs. Bay said, "my husband would have no statement to make until he received official notice and even then he would first have to investigate and consider it."

HIDES IN WEST TEXAS SELL AT LOW PRICES

SAN ANGELO, Tex.—Altho shoes here are still selling from \$5, \$10 and \$12, hides in West Texas are not bringing sufficient money to pay freight or express charges. A rancher at Water Valley shipped a hide twenty-two miles. The local consignee sent him a check for one cent, the balance due after the express charges had been paid. L. J. Collo, of Buena Vista, expressed five goat hides to this city, for which he received \$1.50. The express charges were \$1.10. A 42-pound hide from Owens brought \$1.65. Express charges were \$1.10.

LODGE NOTICES

There will be a regular meeting of Trinity Chapter No. 16, O. E. S., Wednesday, at 7:30 p. m. Visiting members welcome.

MEN AND MATTERS

Homer W. Borders, \$43 W. Wayne-st., underwent an official medical examination at St. Rita's hospital Monday evening. He is doing nicely.

DEATH IS PROBED

NEWARK, O.—An investigation of the death of Opal Martin Sardes, of Columbus, at Buckeye Lake, who was found dead in a cottage at Buckeye Lake shortly after noon yesterday, was ordered today by prosecuting Attorney Ralph Norpell. Coroner Richards is conducting the investigation with the prosecutor. Coroner Richards does not believe that death was due to pneumonia. The girl's stepfather, Richard L. Lynn conferred last night with the coroner.

FARE INCREASE ASKED

AKRON.—Officials of the Northern Ohio Traction and Light Company today asked city council to grant an increase in car fare on the plea that Akron lines were showing an operating deficit. The present fare is five cents. At least a six-cent fare would be necessary to make the city lines self-supporting. Figures submitted by the company show:

NEW CABINET MEMBERS AT WORK

Latest photos of four of the new cabinet officials at their desks. Above, Henry C. Wallace, secretary of agriculture, left, and Andrew W. Mellon, secretary of the treasury. Below, John W. Weeks, secretary of war left, and Herbert Hoover, secretary of commerce.

President Harding's cabinet is already at work on the tasks confronting it. One of Harding's first moves was to consult with Secretary of State Hughes and Secretary

of War Weeks regarding the Costa Rica-Panama trouble. Andrew Mellon, as secretary of the treasury must take the lead in handling the collecting of Europe's \$100,000,000 loans from the U. S.

Secretary Hoover of commerce department has post-war commercial problems to meet. Henry C. Wallace, as secretary of agriculture has his work cut out.

\$51,000,000 FOR GOOD ROADS

State to Expend That Amount, Frank Colucci Says

TO OPPOSE NEW TAX BILL

Trustees of Ohio Auto Association in Meeting

Frank Colucci, president of the Lima Auto club, a member of the board of trustees of the Ohio Automobile association and a member of the good roads board of that organization, attended a meeting of the trustees at Columbus, Monday, when it was decided to oppose a proposed bill in the legislature to tax individual owners of cars who run their own machines, from \$2 to \$2.50 a year each. The bill also proposes to tax other individuals of the family or a chauffeur who run the car, the same amount.

OPPOSE NEW TAX BILL

The bill to be opposed by the auto men of the state also provides for the appointment of a commissioner in each county of Ohio, before which each auto owner must report, Colucci says, for an examination, to decide whether he is qualified to run a machine. If the bill does not pass, auto owners of the state will be saved about \$2,500,000 a year, he says.

THE QUESTION OF GOOD ROADS

The question of good roads was taken up, Colucci reports. In the past few years there was an appropriation of about \$31,000,000 for good roads, which was spent and the results of this expenditure at this time represents a valuation of about \$12,000,000 from the state and \$12,000,000 from the different counties. The total proposed to be expended this year for road improvement approximately \$51,000,000.

HIT PLAN OF ROAD WORK

The state auto association also went on record as opposed to the plan of the state highway department in building short stretches of improved road, with unimproved gaps between, but to favor closing in the gaps and build longer stretches of main market roads.

Decision was arrived at to hold the state automobile association convention in Cincinnati instead of at Youngstown, April 22 and 23.

SIX PRISONERS BEING SENT FROM COLUMBUS TO LIMA STATE HOSPITAL

Six prisoners, among whom will be Ralph Richardson, convicted murderer of an Akron man last fall in a daring hold-up, are to be delivered to Dr. Chas. Clark at the Lima State Hospital this week for treatment.

They are being sent here by Warden Thomas from the Ohio State penitentiary, after being declared sane by Dr. William H. Pritchard, of the Columbus state hospital.

Richardson being saved from the electric chair probably was due to the fact that he is a world war veteran, who served overseas and distinguished himself by unusual bravery. He was gassed twice, and finally fell a victim to shell shock.

Returning to his home town at Akron, it is believed his mind, weakened thru hard military service, was influenced by crooks and he was led into the crime he committed.

He was sentenced to life imprisonment. The other five due here this week include Charles D. Jones, Montgomery-co; Perry Daniels, Mahoning-co; Norman Lewis, Lucas-co; Roy Austin, Hamilton-co, and James Dawson, of Cuyahoga-co.

AMERICA DOESN'T KNOW MEANING OF HIGHBROW

CHICAGO—America doesn't know what a highbrow is. This is the opinion of Sinclair Lewis, author of "Main Street" and former editor of the Yale Literary Review.

"Americans read fiction with complicated plots and call it good," he said. "They read simple, good books and reject them as 'highbrow.' We have many good authors here. Such men as James Cabell, Joseph Hergesheimer, William Allen White, Floyd Dell are creating a new era in American literature."

"FISHING-ITCH" ATTACKS EVEN THE SEDATE JUDGE

The balmy weather Tuesday morning gave Judge Fred C. Becker an attack of "itch."

When the subject of shining up fishing poles was brought up, the judge commenced to squirm and said: "Aw, gee, don't say any more about that now, because I've got the 'fishing itch' already."

CURIOUS BARRED BY BECKER

New System Adopted in Domestic Relations Court

HEARINGS IN PRIVATE ROOM

Judge Believes Better Results May Be Obtained

No more will those curious persons who continually hang around the corridors of the court house always on the alert to hear a "racy" divorce case, have the opportunity to do so from now on unless they are fortunate enough to find room in Common Pleas Judge Fred C. Becker's office after seats have been supplied to parties directly interested and connected with the case.

"By doing this," Judge Becker says, "I will be able to get to the bottom of family disturbances and a reconciliation is more probable. Many times a husband or a wife becomes angered over a trivial happening, and one or the other immediately seeks the divorce court to sever their matrimonial ties."

GETS BETTER RESULTS

"In a crowded court room it is almost impossible to have a heart-to-heart talk with the husband and wife, but up here in my office it can be done and I expect the change will be beneficial in many cases," the judge continued.

"I used the same policy in juvenile court, and it proved its good. Many boys who committed small offenses were brought into my court, and a talk alone with them did them more good than if I would have arraigned them in a public court room filled with curious spectators," he said.

"I aim to continue this practice," the judge concluded.

SEWING FOR HOSPITAL

Ladies' Board of Managers of the Lima City hospital is sewing on hospital needs at 308 W. Market-st., instead of the Market-st. Presbyterian church. The sewing will be continued Wednesday and Thursday and any women other than a member of the board who wishes to help, may do so.

FARMER MISSING MYSTERIOUSLY

Disappeared When Wife Filed Suit For Divorce

PHIL LENHART GONE 10 DAYS

Henry Schaub Hurlled 20 Feet When Kicked by a Horse

WAPAKONETA — (Special) — Philip Lenhart, farmer near Botkins, has mysteriously disappeared. Ten days ago his wife applied in the court for a divorce and since then he has been missing. He is 65, five feet tall and weighs 180 pounds.

Senior girls of Blume high school won the basketball tournament at the Williamson school here. It was an inter-class event.

Developments are coming thick and fast in the C. A. Lott assignment case in Probate court here. As N. Blumberg, Lima chattel loan man, introduced a motion to set aside an alleged assignment of C. A. Lott's exemption claim to R. D. MacDonald, Blumberg claims a similar assignment of Lott's exemption interest in his assignment, made prior to the one claimed by MacDonald.

Trustees of Duchouquet-tp are standing pat on their opposition to improvement of Wood-st here. As contemplated the county will pay 57, township 17 and city 50 per cent of the improvement, but township trustees balk until Dixie Highway of which Wood-st is a connecting link, is improved.

County commissioners granted club work appropriation of \$1,000 for this year. Leader C. M. Hampson met with 20 leaders and outlined his new plans. Each will select a committee of four or six and proceed with work in each community. Leaders' training schools to be conducted at St. Marys and St. Johns.

A blind mare belonging to Henry Schaub south of here, gave Schaub a jolt in the right ribs with her "starboard" hoof. Henry was hurled 20 feet. He is temporarily incapacitated. He claims "Jenny".

RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poisons Start to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that it two bottles of Allenburh, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenburh has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable, and where the patient was helpless.

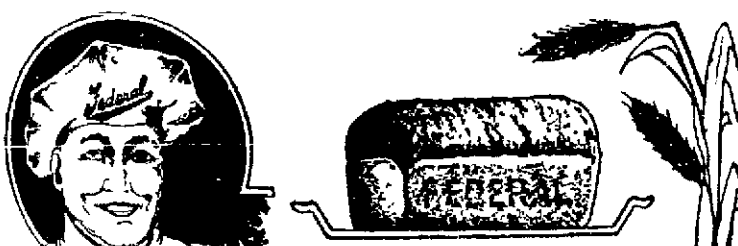

Mr. James H. Allen, the discoverer of Allenburh, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenburh decisively conquers this worst of all diseases, and he has instructed 2-Hunters Drug Stores, Enterprise Drug Store, Thompson's Drug Store, Interurban Drug Store, Public Drug Store to guarantee it in every instance. —Adv.

FINDS AMERICANS LIKE TO WORK

Englishman Makes This Discovery on Visit Here

"HAVE GOOD MANNERS, TOO"

Comes to Criticize, But Returns With Praise

(BY EARL C. REEVES)

LONDON — St. John Irvine has "discovered America."

He's a noted critic. He infers in his announcement of the "discovery" that he may have gone to criticize, but he returns to praise.

He was the victim of the most common fallacy held by Englishmen about America—a fallacy which "all the shoulder rubbing and sharing of trials during the war time seems to have loosened slightly."

"I thought of America as a country full of boasting, assertive and rather mannerless people, closely intent upon making money and convinced that they had won the war," he says.

FRAMES OUR MANNERS
"I discovered very speedily that the average American has far better manners than the average Briton, that he does not boast more excessively than he is entitled to boast and that he is, on the whole, much more submissive to authority than the Englishman."

"I did not find one man or woman in the parts of America visited by me who had not got a very clear idea of the share of their country in the winning of the war."

"Love of money seems to be among the least of American characteristics. What one does discover in the whole population is a real love of doing a job as well as possible."

AMERICANS LIKE WORK
"The American seems to like work and he is fascinated by the power which control of industry gives him. And an American business man, will be at his desk in his office, deeply engaged in his work before an English business man will have finished drinking his early morning cup of tea."

"What we call American brag is the outcome of a quite laudible desire to see things better done in his country than they are done elsewhere."

But America, he contends, is not as yet proving a successful "melting pot."

"She has not yet fused the very intractable material she has received from the Old World into a new and united thing. Possibly she may do so, but it is equally conceivable that she will not."

BLIND 23 YEARS, RECOVERS HER SIGHT

LONDON — Pengham South Wales, the scene of the restoration of a woman's sight after 23 years of blindness, has provided a new sensation.

A schoolgirl resident who had been ill with lung trouble was laid out for dead. When the coffin arrived on the third day a light was taken into the room. The girl immediately sat up in bed and asked: "Where is dad?" The father rushed into the room and carried the girl into another room so that the girl could not see she had been laid out for dead. She has since recovered.

OXIDAZE

MADE WITH ESSENTIAL OILS FOR

Politicians--Auctioneers
Clergymen--Lecturers
Singers

Anyone who speaks or sings in public, whose voice is apt to grow husky or weak from the strain will find that one Oxidaze tablet slowly dissolved in the mouth before speaking or singing will make a world of difference. The voice stays strong and clear and natural during an unusual strain. Thousands of people have testified to the remarkable value of these pure essential oil tablets, which bring such quick relief in cases of hoarseness, loss of voice, soreness or tickling in throat, bronchitis, bronchial irritation, bronchial asthma, coughs, colds and as a preventive against grippe, influenza and pneumonia.

One small, inexpensive package of Oxidaze tablets quickly proves the value of pure essential oil in cases of this kind if they are always kept in the house for use in case of an emergency. They may save you many days of serious illness or discomfort. H. P. Workman, Central Drug Company, 1111 N. 1st St., Lima, Pa., or any Road Druggist can supply you—adv.

TRIAL DATE FOR BUTORI AND CARBONES NOT FIXED

No date has yet been set by Common Pleas Judge Fred C. Becker for trial of Ross and Rose Carbone and Nick Butori, alleged blackmailers, who were recently indicted by the grand jury.

The judge hopes to assign a date soon, but is unable to do so until a case already assigned is taken from the docket by withdrawal by the parties concerned.

HARDING ASKS FOR TREATY ACTION

President Urges Ratification of Colombian Convention

WASHINGTON — (By Associated Press) — A special message to the senate requesting immediate ratification of the Colombian treaty is being prepared by President Harding, according to reports among senators today in the wake of last night's White House conference.

It was understood that President Harding had accepted the view of Senator Lodge, of Massachusetts, Republican floor leader, and Secretary Fall of the interior department, that action on the treaty during the special session of the senate was desirable.

HOLLENBACHER MOTION DECISION STILL HELD UP

Pending the return of Judge S. A. Armstrong to the city, Judge Becker is holding up his decision on motion for a new trial on a charge of murder in the case of Carl Hollenbacher, convicted wife slayer, which was argued some time ago.

MAY CREATE NEW APPEALS COURT

Legislature Has Right to Act, Price Decides

COLUMBUS — (By Associated Press) — The legislature has authority to create a new court of appeals distinct by a majority vote and may transfer a judge from one district to the proposed new district, Attorney General Price held today in an opinion given to Senator F. E. Whittemore, Akron, senate floor leader. Senator Whittemore sought an opinion on these proposals which are embodied in a house bill numbered 117.

This bill proposes to make Cuyahoga-co a separate appellate district, and create a new district out of Summit, Medina and Lorain Cos., which, with Cuyahoga, now compose the eighth appellate district. Cuyahoga-co would remain the eighth district and the new one would be the ninth.

The transfer of one of the three appellate judges in the eighth district to the new ninth, appointment by the governor of one new judge in the ninth and two new ones in the eighth, also are proposed.

Judge C. G. Washburn of Elyria is the member of the court of appeals likely to be transferred since he is the only one of the three living outside Cuyahoga county. Judges Vickers and Dunlap both live in Cleveland.

SPRINGFIELD REJECTS DAYLIGHT SAVING PLAN

SPRINGFIELD — Thru the action of the city commission last night Springfield will not adopt the proposed daylight saving plan but will observe the present time schedule thru the summer.

A canvass of the city was made by the Chamber of Commerce and while the majority was in favor of the more daylight plan, the commission felt that it was not sufficient to justify making the change.

FAIL TO AGREE ON PLAN TO CUT WAGES

NEW YORK — New York Central railroad officials and representatives of common labor employed by that system failed today to reach an agreement at a conference called to discuss proposed reductions in the pay of unskilled workmen.

The railroad proposed cuts ranging from 13 to 20 cents an hour effective April 1. Declining to accept them, the labor representatives said they would discuss the matter with the men. Another conference on the subject was set for March 22.

\$25,000 FOR LIMA STREET REPAIR

Seventeen Thoroughfares to Receive Aid From County

OFFICIALS PREPARE LIST

City Pays Big Sums to County and Gets Nothing, Claim

Allen-co will spend approximately \$25,000 repairing streets in the city of Lima if a report sent to the county commissioners by Service Director Elmer McClellan is followed. The county commissioners have agreed to finance the upkeep of 19 Lima streets, according to McClellan. The report sent to the county commissioners estimated the cost of material and labor needed to build each street and recommended the material to be used. The City Engineer and Street Superintendent with the Service Director completed the report. Funds available for expenditure by the department of public service will be applied to streets not included with those to be maintained by the county commissioners, according to McClellan.

CITY GETS NOTHING
The service director McClellan says that the county has \$200,000 to spend for this work in Allen-co and that \$110,000 of it comes from taxpayers of Lima, but nothing is spent of Lima's streets, many of which should be considered county roads. The county commissioners have agreed with the city officials that county money should be spent on the upkeep of the streets.

The streets to be repaired by the county, material suggested by the city and estimated cost follows:

West-st, Penn R R to corporation line brick, \$1,513.34.
E High-st, Main-st to D. T. and I R R, brick, \$1,801.62.

GREENSBURG MACHINIST DROPS A THOUSAND DOLLARS EASY

Spent His Money Uselessly Trying Different Remedies to Rid Himself of Digestive Troubles, But Had No Success Until He Tried Nerv-Worth, and This Soon Ended Indigestion.

"I have spent at least a thousand dollars in an endeavor to rid myself of indigestion and stomach trouble, which I have had for 20 years, but got no results. My stomach and digestion, together with extreme nervousness, caused me to lose much valuable time. For the last 11 years I have been a machinist foreman of the Kelly-Jones Co. of Greensburg, and my time was worth money. I was compelled to lay off 10 weeks not long ago. Doctors said they could give me only temporary relief. Finally I saw Nerv-Worth advertised and determined to try it, and I am glad to say that now after using only part of a bottle, I am no longer troubled with indigestion or nervousness, and I have gained in weight instead of losing it."

PIMPLES VANISH

GAS RATE STILL UNDECIDED

Question Up Again at Council Meeting Thursday

\$450,000 BONDS FOR SEWERS

Story of Session of City Legislators in Tabloid

Problems confronting the city of Lima ranging from city planning, construction and financial problems to just how many electric light bulbs are needed in the chandelier in the council chamber were discussed and in some cases acted upon by council Monday night.

Following a caucus, council informed members of the chamber of commerce gas committee that an adjourned executive session will be held Thursday night to take final action on the committee's recommendation for a settlement of the gas rate question by arbitration.

Issuance of bonds and notes totaling \$415,000 was authorized. Of this \$25,000 is to pay for the cost of having plans drawn for the \$1,000,000 sewer purification plant. The remainder is to pay for the construction of sewers.

The method to be employed in financing extension of city water mains developed a heated argument between Service Director Elmer McClain who held that bonds should be floated and Councilmen Tarvin and Tierney, who held that rates should be increased. Action was deferred.

Councilman John W. Reed advocated an ordinance creating the office of electrical light inspector for the city, stating that electrical wiring in the city is dangerous and that street lighting is inefficient and wasteful. An ordinance will be prepared for the next council meeting.

Council unanimously voted assent to Councilman Tarvin's motion that a rest station be placed in the public square. Opening and extending of E. Market-st and the construction of a tunnel under the D. & T. railroad, thereby giving a direct route into Lima without a railroad grade crossing, was advocated by Dr. George Hall, representing the East Side Welfare association referred to the city solicitor and city engineer.

City Solicitor Garling reported action taken in the hearing before the state utilities commission on electric lights and power rates to be charged in Lima, stating that it promised to terminate in a "free for all."

Question of extension of the boulevard lighting system was referred to the light committee. An ordinance authorizing the issuance of \$20,000 bonds to pay for the present system on Main and High-sts was passed. An ordinance appropriating \$200 to pay for the expense of the service director or while investigating systems in nearby towns was passed. Seven petitions for are lights were referred to the light committee.

Petition for the paving of Spring-st from Jameson-ave to Cole-st was received and referred.

A resolution was adopted determining to proceed with the resurfacing of S. Broadway from Kirby to Vine-st.

Recommendation that \$750 be provided for the paying of the salary of a public health nurse elected by the health board was accepted, as was a recommendation that the city treasurer be provided with an assistant for a month.

Auditor Rupert was ordered to make a financial report of the city of Lima to February 1, 1921, for state taxing authorities.

Recommendation that an assistant market master be employed was accepted.

Communication from the county auditor stating that ordinances recently passed will not affect salaries of city employees for the month of March, was referred to the finance committee.

Letter from Service Director McClain announcing that he had given the county commissioners a list of streets needing repairs was filed.

An ordinance raising the salary of the city solicitor's assistant from \$50 to \$65 a month was passed.

The Rescue Home was granted permission to construct a new stairway at the home.

FATE BROUGHT MRS. HAYS TO CABINET CIRCLES AT CAPITAL

Mrs. Will H. Hays.

Helen Louise Thomas (now Mrs. Will H. Hays) nearly missed being in the cabinet circle. The year young Hays entered college at Crawfordsville, Ind., on the banks of the Wabash, Helen Louise Thomas, daughter of Judge A. D. Thomas, of that city, was sent to school in New York, where she remained three years. Fate, however, brought her back to the shade of the soft maples which surround Wabash college, and there Will Hays met her and put a sudden end to her New York school plays by marrying her.

Mrs. Hays is a vivacious young woman of striking personality. She has an unusually good voice and is artistically inclined, both in drawing and painting. With all this, however, Mrs. Hays, the wife of the new postmaster general, is very domestic in her tastes and finds much time for the reading of good books. She carries herself well in society and promises to hold her own in Washington's official life.

OHIO INCOME TAX BILL OFFERED

Measure Introduced in House at Columbus

COLUMBUS — (City United Press) — The bill had before it today a bill introduced by Representative Gordon, of Logan-co, providing for a state income tax.

This bill follows very closely the line of state income tax legislation proposed three years ago. The income of a single person is exempt up to \$500 and that of a married person, living with his or her mate, up to \$1,000, with an additional exemption of \$200 for every dependent child, under 18 years old, or wholly dependent other person in the family.

In figuring net income, deductions may be made for taxes, interest charges, bequests to benevolent and charitable institutions and depreciation on income-producing property. Teachers and persons engaged in religious and educational institutions would be exempt.

On a person's net income a tax of one per cent is levied on the first \$4,000 and two per cent on all above that amount.

Proceeds from the income tax would be divided 25 per cent to the state and 75 per cent to the general revenue fund of the municipality or township where it originates.

OTHER MEASURES

A new state department of forestry with a chief and five deputies is provided for in a bill introduced at last night's session by Representative Silver of Probosc.

Representative Drilman, of Franklin-co, in a bill proposes to take tax levies for blind relief out from under limitations of the Smith one per cent law.

The senate gets back to work this afternoon, following its inauguration recess.

Sixteen bills are on its calendar for action today, possibly half of which will be voted on while the others are informally passed or sent back to committees.

SUPPLY MEASURES

Senator Miller, of Muskingum-co, author of the Miller prohibition enforcement measure, has ready to introduce in the senate this afternoon two amendments to the supplemental appropriation bill. One is for an appropriation of \$26,157 for the new prohibition enforcement department, to enable it to function

during the rest of the fiscal year ending June 30. The other is for \$500,000 for state aid to schools. The senate taxation committee will hold a hearing tonight on the Griswold debt limitation bill and the Taft temporary relief bill authorizing lifting of the Smith law for a three-year period.

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or are hard of hearing or have head noises go to your druggist and get 1 ounce of Eumal (double strength), and add to it a pint of hot water and a little granulated sugar. Take one tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Choked nostrils should open, breathing become easy and the mucus etc. dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.—A.D.

LONG TRIP FROM ITALY TO WED

Antoinette Iacobelli Now Wife of John Iacobelli

Her face radiant with happiness and in brief the joy which Antoinette Iacobelli is experiencing as a result of her residence in America. She left her home in the village of Fragneto, Montefiore, Italy, February 14, for Naples, and arrived at the port of Boston, and at the Atlantic Thursday of last week, without having to go through the immigration offices at Ellis Island. Loaded with baggage and unable to speak our language, she had difficulty in getting to Lima, but arrived here none the worse for her experiences Monday. A few hours later she, with John Iacobelli, went to the court house and there secured a license to wed. For 17 months they had not seen each other. They were reared together from their childhood days in the village of Fragneto, Montefiore. Their love for each other grew, and when John left for America it was agreed that as soon as he was settled again he would send for her and they would live the remainder of their days in the United States. "I enjoyed the trip to America," Antoinette told a Lima News reporter thru an interpreter Tuesday morning. "No, I didn't get sea-sick, and not a single thing annoyed me on the way over," she said with a smile. They are residing at 130 W. Third.

DR. HOUSE DELIVERS NOONDAY ADDRESS AT THE SIGMA THEATRE

"The Wonderland of Memory" was the subject discussed by Dr. E. L. House, religious psychologist, Tuesday afternoon. "The greatest wonderland of the world is memory," he said. "Here is our richest treasure and help. Memory is the cabinet of the imagination, the treasury of reason, the registry of conscience and the council chamber of thought. Memory is recognizing past knowledge; it is a recalling of facts, words, faces, pictures and events that have been put aside; it is a kind of photograph. Modern psychologists believe this memory. No man can lift more cell paths, each of which opens up to certain kinds of recollections. 'The marvels of memory are great.' There have been persons who could recite entire books and Ben Johnson could repeat all he had written and many volumes he read. A man is measured by his memory. No man is greater than his memory; no man is less than his memory. No man can lift more than his strength; no teacher can tell more than she knows; so no man can go beyond his memory. Our travels, our reading, our past years, all should be in the storeroom of memory, ready for use. 'Memory calls out its warnings as we journey on in life. It gives us a call to heed the mistakes of the past, to observe the rules of mortality, and to note the charts of experience. Memory is to be our book of life, which we must read daily. Our life is being written day by day and we must read this manuscript in the years to come. We must make the plot good, the story sweet, and true, because time will come when it will be too late to change. Arrangements were completed Monday night for the appearance of Dr. House at the Sigma Theatre for noonday meetings, four days beginning Tuesday, on topics having to do with the psychology of religion.

Baby Shunned Because of Eczema!

John M. Shontag, 601 Main St., Leavenworth, Kan., writes: "My baby boy contracted a severe case of Eczema which covered his face and head. Visitors to our home would shun my child because he looked so terrible. I procured a bottle of D. D. D. in an incredibly short time my boy was cured. Thousands of letters from grateful users of D. D. D. prove its wonderful results in healing torturing skin disease. The very first application always stops the itching and burning. Why not try a bottle at once and be convinced? Your money back if the first bottle does not bring relief. 50c, 80c and \$1.00. Try D. D. D. Soap, too. D. D. D. Lotion for Skin Disease. I enter's Drug Stores.

MRS. R. H. HARRIS DIES IN FERNADINA, FLORIDA; BODY HERE FOR BURIAL

The body of Mrs. Artimelia Harris, 68, who died in Fernadina, Florida, arrived in Lima Sunday over the R. & O. R. R. and was taken to the home of her son, C. L. Harris, 12 miles west of the city in Amanda. Deceased was the wife of Roscoe H. Harris. Had Mrs. Harris survived until September 24 next their golden wedding anniversary would have been attained. In company with her husband and Mr. and Mrs. C. B. Harris, Mrs. Harris went to Florida last December, to escape the rigors of Ohio winter and the hope of benefiting her health. She died on March 5. She was born June 7, 1852, the daughter of John and Mary Welch, three miles east of Delphos. Mrs. Harris is survived by her husband to whom she was married September 24, 1871. Five children, Clarence L. Harris, on the home farm; Mrs. Bertha Phikerd, Mrs. Grace I. Miller, Richard R. Harris and Mrs. Lillian Huffer all of Lima, also survive. Emery L. Welch of Lima is a brother. Funeral services Wednesday at 10 a. m. from the Marion Baptist church. Burial in Walnut Grove cemetery, east of Delphos. Mrs. Harris was a member of the Baptist church since 1872, uniting with that church under the pastorate of Rev. Gallant.

"THE WOMAN UNTAMED" IS WILD, WIERD TALE

Doraldina Proves Herself a Wonderful Dancer As Reflected on the Screen

News Amusement Critic Does Not Think Gapska Dance Will Hurt Morals

By ESTHER WAGNER

THEY named this picture "The Woman Untamed," we suppose, because that's about the only thing they could name it and tell the truth. For the story is all about a woman who assuredly needs taming down and a lot of other things to make her a presentable heroine. But perhaps you'd like the story. Well—once upon a time, there was an old sea-captain who ruled his ship with an iron hand and who had but one son in the world, namely, his daughter, whom he had reared from babyhood up, on board his ship. The crew was made up of bold, old sailors, who continually showed signs of mutiny.

The first mate was a big rough-neck who coveted the girl, Lucille, and one dark night when the sailors were loading up on rum, with murder in their hearts, he planned to take things into his own hands and make the ship and the girl both his own. But the girl jumps into the ocean, swims ashore and lands among a tribe of cannibals, who take her for the goddess of the sea or something like that and so she escapes being devoured.

Now we see her as their queen. She hunts wild things with them, charms snakes and all that sort of thing and she may have lived there to the rest of her days, but—

A yacht comes in sight, carrying a really young man and his fiancée, and the young man would go on shore for a little hunting. He goes, but gets lost, is found and protected by the girl Lucille. There you are, but the girl and you can guess it's not easier than I can tell you.

"The Woman Untamed" has qualities that make me think it is not one of the newest releases. The attire of the members of the yacht party is a bit old-fashioned. But at that I may be wrong, for perhaps they're wearing

costly that way now.

As an actress, Doraldina is a great dancer. She doesn't photograph especially well, she is entirely unoriginal and a bit camera shy. She can dance, however, and for that reason she proves an interesting lead. The supporting cast is peopled by men and women I never heard of. The scenery is beautiful at all times. The subtitles are not what they should be, but that's a mere detail.

Otherwise, if you like these blood-and-thunder things, you'll like "The Woman Untamed." It's appearing at the Lyric.

"Gapska," the dancer who is appearing at the Lyric in connection with the pictures, gives a beautiful exhibition dance or two. She is of an engaging slenderness and snuggliness and does her bit gracefully and without effort. No, I don't think the dance will hurt anyone's morals.

Faurot—Otis Skinner

There is no denying the vogue of the mystery tale, whether it be between the covers of a book or presented on the stage, its lure and delight is irresistible. On the book end so great is the demand that one of the biggest publishing houses in the country is getting out re-prints of twenty of the most famous of the modern detective tales. Last July London acclaimed the fascination of the mystery story after the first performance of "At the Villa Rose" at the Strand Theatre, where the piece has been running ever since. The American rights of A. E. W. Mason's play were secured by Alf Hayman, general manager of Charles Frohman, Inc., for Otis Skinner, who for the first time in his career is playing the role of a detective. There are thrills aplenty in "At the Villa Rose," sustained interest and suspense. Mr. Skinner is coming direct from his record-breaking engagement at the Illinois Theatre, Chicago, to the Faurot Opera House, for one day only, Friday, March 11th.

Faurot—Irene

No musical comedy has come to us in recent years with the stamp of success comparable to that of "Irene" which the Vanderbilt Producing Company will present at the Faurot next Saturday.

"Irene" is now in its second year of popularity in Australia.

MISS WAGNER'S UP-TO-DATE VAUDEVILLE AND MOVIE GOSSIP

of unprecedented success at the Vanderbilt Theatre in New York, and is duplicating its American popularity at the Empire theatre in London and in Melbourne, Australia, where it is being played by American companies, winning the distinction of being the greatest international success of modern times.

The cast to be seen here includes Katherine Mulqueen, who will be seen in the title role, Amelia Summerville, Annie Hart, Nina Penn, Beatrice O'Connor, Grace LaBelle, Olive Tempest, Harriet Young, Booth Howard, Eugene MacGregor, Garrett Carroll, Austin Clarke, George Ewing, James Curran and a large and sprightly chorus which enhances the value of the taut and score.

The production is an exact replica of the original, the costumes of principals and chorus having been designed and created by Lucille Laury Duff Gordon, while the men's clothes were designed by Finchley, and tailored by Fashion Park at Rochester, New York. The sale of seats opens Friday at the box office.

All the Joy of James Whitcomb Riley's Old-Home Poem—told without a word!

Members of the Round Table enjoyed their annual guest day at the Elks' Home Monday in the form of a delightful 1 o'clock luncheon. The tables were prettily decorated with sweet peas and ferns which were artistically tied with green and lavender tulle. The guests participated in community singing, under the direction of Mrs. James Risser. Miss Mabel Reese then favored the guests with a reading, "Sisters," by Longfellow, "Carry Me Back to Old Virginia," "Little Boy Blue" and "Gods Blush" were sung by Mrs. James Risser and then all joined in the club song, "Auld Lang Syne."

Guests included Mrs. Beecher Moke, Mrs. Grover Spiller, Mrs. C. A. Strawbridge, Miss Grace Lynch, Mrs. M. W. Hyman, Mrs. Charles Roberts, Miss Maud Miller, Mrs. E. A. Hall, Forsythe, Montana, Frank Bert Kelley, Oxford, Miss A. Ashew, Mrs. Ira Shaffer, Mrs. W. H. Baumberger, Mrs. E. C. Volmer, Mrs. Harold Smith, Miss Lulu Volmer, Sandusky, Mrs. Mary Moulton, Mrs. Samuel Hurecker, Mrs. J. C. Kelley, Mrs. L. L. Morris, Mrs. Charles Weaver, Mrs. John L. Thompson, Mrs. R. I. Pierce and Miss Earl Snyder.

The club will meet Monday afternoon with Mrs. H. C. Taylor, W. Wayne.

FRUIT APLIQUED ON SILK GOWN IS PRETTY TRIMMING

BY ELOISE

Quaint is the only word to describe the new spring frocks. They are reminiscent of long ago days and some even go so far as to have pantaloons and hoops just like grandmother's did. There are not many that go that far, but there are many of the demure little gowns with light-fitting, lace-like bodices. These are usually accompanied by a full skirt and short, tight sleeves or little puff sleeves.

This beautiful frock designed especially for spring wear for the "sub-deb" is made of an excellent quality of white taffeta. The snug-fitting little bodice with its modest neck line and sleeves hugs the body close and then bursts forth into a full little ruffle peplum at the waist. The neck, sleeves and skirt edge have a dainty border of colored fruit and foliage in applique design. This is an exquisite model for the after-Easter dainties and parties.

Dear Miss Smart:
I AM a girl of 15 and will be 16 in October. I have to go to school. I know you are 24 and he loves me with a love that is deep and tender. I also love him with my whole heart. He stays in bed but it is not out of work and cannot find anything to do. Do you know of anything he could do and do you know of anything I could do?

EVEN if the young man does love you with a "deep and tender love," you are far too young to even have any thoughts of marriage. At the same time you are much too young to love any man "with all your heart." You are not much more than a child and should not be burdened with such serious thoughts.

If the young man has no position at present, it is a great puzzle to me just how he is planning to provide for you if you were married. Remember, you can't live on love forever. I am very sorry that the young man is not able to find employment. I could not suggest any place, but if he is very desirous of finding a position I am certain that something will offer itself in a short time.

The place for a 15-year girl is in school, especially until she learns to master the first rudiments of her own language. The laws in Ohio require a girl to attend school until she is 18, but the wisest thing for you to do is to take the four years of high school instructions. You will never regret it and then if later you and the young man still hold this "deep, tender, love and devotion" towards each other, you could think about marriage with the satisfaction of knowing that you were older and better adapted to take up the responsibilities of married life.

Dear Miss Smart:
Can you please tell me the name and address of the president or vice-president of the Goodyear Tire & Rubber company or any member of the company?

M. SCOTT
F. A. Seiberling is the president of the Goodyear Tire & Rubber company; C. W. Seiberling is vice-president and W. E. Palmer is secretary and treasurer.

Dear Miss Smart:
I've read a lot of books which speak of the great gambling center called Monte Carlo. Could you tell me in what country and about where it is located? I have a friend who is going to the city of Monte Carlo.

Monte Carlo is located in the southeastern part of France in a small locality known as Monaco. Monte Carlo is known as the "Resort of Gamblers," and is near the city of Nice.

Dear Miss Smart:
(1) I have a girl friend who seemed to me to be a very nice girl. We were in grammar school together, but since we have started to high school she has been very hostile to me. I am sure I have not changed in my attitude towards her. What can I do to win back her friendship or should I try? (2) What is good to remove dandruff? (3) I have brown hair and eyes and am dark complected. What colors can I wear the better, dark blue or brown? (4) Do you think Mary Pickford will have any more trouble about her marriage? (5) I have a cousin who is a girl. She is not a nice girl. Her presence humiliates me. Should I tell her that I do not care for her company, or what should I do?

FORGET-ME-NOT

(1) Sometime when you are talking to your friend you might remind her of some close friendship in previous years and of the good times you had together. Tell her that you are hurt by her indifference and unfriendly feeling towards you and that if you have done anything to hurt her that you are willing to apologize and make amends for it. (2) Hair tonics and many shampoos are splendid for dandruff. Inquire at any drug store. (3) You should be able to wear either but I think that the blue would be preferable. (4) I couldn't say. One never knows exactly what is going to happen these days. (5) If this girl seems to like you and to enjoy your company, you could probably help her better than any one else. Tell her that her reputation is at stake; that her life is living and her actions are not what they should be. Show her that she has lost the respect of her friends and that the wisest thing for her to do is to start life anew. Be kind to her and do nothing to hurt her feelings. Probably you can win out in the end. If you think that this girl will profit by your advice, do not listen to what your friends are saying. As long as you are doing the proper thing and have a clear conscience, their words cannot harm you.

Could they do anything to us if we ran away together and got married the same day we ran away? Where would be the best place to get married? His mother consents, but I am afraid of my mother and if I were to tell her, something awful would happen. Please tell me what you have to say.

TULSA B.

My mother drives me to church. Do you think she should, as I do not care to go to church? (2) Do you think a girl of 14 is too young to go with boys? (4) I have a girl friend and when she goes to town or any place there are so many boys who flirt with her and she does not go with boys or men. She is very pretty. Is that the reason so many boys flirt with her?

LONELY BUT KIND

(1) My dear little girl, not knowing you personally, it is very difficult for me to try to tell you why you are unable to hold the friendship of your girl acquaintances. Perhaps you have more friends than you realize. To make friends and to hold them you have to do your share also. You must learn that people will not always "come and go" as you would have them and that you must meet every one half way. Always be true to your friends. Say nothing behind their back which you would not say to their face. Do not go with one girl and talk about the other and then vice versa. One loses many friends this way, because they cannot be made a confidant nor be trusted. (2) No, your mother should not drive you to church. No one should be driven to church. You should feel it your duty to go to church and instead of having to be forced to attend, you should really think of it as more of a privilege. (3) A girl of 14 is too young to go with boys. It is proper for her to go to little social gatherings or school affairs if she does not go too often. (4) I couldn't say.

Will you please tell me why I cannot keep my girl friends? I am not lonely or proud and am kind to any one who treats me right. I have lots of boy friends but I would rather have more girl friends than boy friends. (2)

TESTED RECIPES

GOOD APPLE DISHES
Apple Omelet—Make a plain omelet and when ready to fold over pour over it one cup of thick apple sauce. Fold over carefully and serve.

Old Virginia Fried Cakes—Five thin slices of bacon, one cup light colored molasses, six large apples. Fry bacon till crisp and place on a hot platter. To the hot fat left in the frying pan add apples that have been cored and cut in thin slices. Fry about twenty minutes or until soft and golden brown in color, stirring constantly. Add the molasses and cook twenty minutes longer. Garnish the bacon with the fried apples.

Apple Pudding With Sage Potatoes—Five small sweet potatoes, one half cup of water, four tablespoons shortening, one half cup of maple syrup, five small apples, one half teaspoon salt.

Wash the potatoes and boil for ten minutes with jackets on. Remove the skins and cut potatoes in small pieces. Pare and chop the apples and place with alternate layers of sweet potatoes in a well oiled baking dish, seasoning each layer with salt and shortening. Continue the layers until all the ingredients are used. Pour over the pudding water and maple syrup and place in oven, cooking slowly until the apples are soft.

Saute Apples and Onions—Five medium sized apples, four medium sized onions, one-half teaspoon of salt, one-half cup water, two tablespoons shortening. Put the shortening in a frying pan and heat. Add the onions cut in small slices. Cook until golden brown, then add the apples that have been pared and cut in thin slices and lastly the water and salt. Cook until apples are tender. Best results are obtained if this is done in a covered vessel, removing the cover five minutes before serving and allowing the apples and onions to turn a golden brown.

LENTEN RECIPES
Savory Eggs—Blanch a small onion, cook in dripping until yellow. Beat as many eggs as desired (using one to a person), add one tablespoon of milk to an egg. Have pan hot, pour in egg mixture. Keep lifting with fork until cooked.

Browned Potatoes—A very palatable way of preparing potatoes is first to boil them with or without the skins. When tender brush all over with melted margarine which has been seasoned with salt and pepper, and bake in a hot oven for a few moments until light brown. These potatoes are crisp on the outside and deliciously soft and creamy within.

Fish Remoulade—Remove bones and skin from one pound of cold boiled fish. Keep the fish meat in as large flakes as possible. Place in bowl and cover with following dressing: Four tablespoons of mayonnaise, one tablespoon grated onion, one bit of garlic, two pimentoes (chopped fine), one tablespoon vinegar. Blend well before pouring over the prepared fish. Toss gently to blend and then form into round flat cakes. Spread liberally with suitable sauce and then cover with finely chopped parsley.

Salmon Timbales—Take one cup flaked salmon, one-half cup bread crumbs, one tablespoon butter, two eggs, one tablespoon cream, one teaspoon lemon juice and salt and pepper.

The fish should be in small flakes. Mix salmon and bread crumbs. Add butter, softened, cream and yolks of eggs, mixing well with a fork. Add lemon juice, salt and pepper. Beat whites of eggs till stiff and fold into mixture. Turn in a pan filled to half depth with boiling water, and bake in a moderate oven for twenty-five or thirty minutes. Unmold and serve with hollandaise sauce.

He stays in bed but it is not out of work and cannot find anything to do. Do you know of anything he could do and do you know of anything I could do?

Dear Miss Smart:
I AM a girl of 15 and will be 16 in October. I have to go to school. I know you are 24 and he loves me with a love that is deep and tender. I also love him with my whole heart. He stays in bed but it is not out of work and cannot find anything to do. Do you know of anything he could do and do you know of anything I could do?

Stock Market is Irregular But Tone Improves

LIBERTY BONDS (Continued from Page 1) ...

NEW YORK — Dealings at the opening of today's stock market were very light and irregular.

Pressure was directed against the railroads and shipbuilders but the general list was only slightly changed.

New York Central fell 1 1/2 points in the early offerings.

United Fruit lost 1 point, Baited and United Fruit lost 1 point, Baited and United Fruit lost 1 point.

Food shares also were adversely affected, Bee Sugar lost one point and American Sugar one point.

Among the inactive issues, Remington-Union Pacific, Remington-Union Pacific, Remington-Union Pacific.

Exchange on London reflected latest developments in the foreign situation, but call money was again offered at seven percent.

The more ominous aspects of the foreign situation as indicated by the weakness of international remittances, gave impetus to further depreciation of stock market prices today.

So far, the closing was irregular.

GOVERNOR MILLER SPEAKS TO LIMA KIWANIS CLUB

GOVERNOR AL MILLER, Toledo, Ohio, who spoke before the Lima Kiwanis Club at its noon luncheon today, was accompanied by a bunch of Toledo Kiwanis.

He took the bowling team to the local club on for a contest after the meeting.

Miller had considerable to say concerning the big state convention which will be held here late in the summer and he complimented the local club on the preparations it has already made for the event.

The entertainment committee announced that an Easter dinner-dance will be held Tuesday, March 29.

BODIES OF SLAIN MAN AND WOMAN ARE FOUND

NEW YORK — Shot thru the head, the bodies of Willis McCurt, 35, a manager for the American Surety Company, and Alice K. Snowden, 25, a stenographer in his office, were found early today in Central Park, near a bridge opposite Seventy-fourth-st. A revolver lay nearby.

Belief that McCurt shot the girl and then killed himself was expressed by police who investigated the case. They learned, they said, that Miss Snowden had been engaged to another employee of the surety company. McCurt leaves a widow and child.

\$5,200 DEMANDED AS DAMAGES TO HIS EAR

CINCINNATI — An unusual accident is made the basis for \$5,200 damages to the Louisville-based Cincinnati, Ohio, by George Tash, in common pleas court here.

Tash says he was employed by the company and on January 28, 1930, when he was engaged in moving heavy cases, he brushed against a wooden plug which had been driven into the steam pipe. The plug was loosened and blew out at the company's plant, hitting Tash in the ear.

TRADE IN WHEAT SLOWS UP

Government Report Awaited on Chicago Market

(Model Series) ...

CHICAGO — Wheat traders showed a disposition to mark time today pending the issuance of the government report this afternoon on farm reserves.

Corn like wheat hardened a little after easing off at the start. Traders took their cue from the action of wheat. After opening unchanged to 1-4c lower, including May at .70 3/4 to .70 7/8 the market sagged a trifle more and then rose slightly above yesterday's close.

Oats were steady with other cereals starting a shade off to 1-8c and later keeping at about the same range.

Higher quotations on hogs gave firmness to provisions.

HOW'D YOU HANDLE BURGLARS?

What would you do if a burglar climbed in your window some night? Opinions differ as to the best way to receive such a nocturnal visitor.

Some authorities say reason and gentle persuasion are most effective in inducing the unbidden guest to depart, but others find force more advisable.

The conventional method of used by the gentlemen heroes of fiction is to light a cigarette and sit calmly next to the electric light switch until the burglar is inside the room.

Then turn on the lights and, after allowing the intruder time to recover from his surprise, begin a heart to heart talk with the intention of reasoning him into mending his ways and giving up his nefarious existence for the straight life.

Most of our modern New York families find this method entirely too antiquated. Probably it is because burglars nowadays are not as cautious as they used to be, and consequently, therefore, would be wasted on them in any case.

Unusual Accident Occurs at Kossuth—Man Near Death

A brother of Elmer Binkley, 22, of Kossuth, injured his foot Monday and as a result Elmer lies unconscious in the City hospital here with probably a fractured skull.

Following the minor accident, Elmer took his brother to Dr. D. D. Doughty at Kossuth to have his foot dressed. Elmer became sick while watching the dressing and went out on the front porch.

Following the dressing of the foot Dr. Doughty stepped out of his office and found Binkley lying on the ground, unconscious. He had evidently fainted while standing on the porch and fell to the ground, striking his head on the pavement.

He was rushed to the Lima City hospital where Dr. William Roush was called to attend him. Dr. Herbert Thomas has taken an X-ray of his head. He had not regained consciousness Tuesday afternoon and it was thought that his skull is fractured.

FURNITURE MOVED TWO STARS IN WOMAN'S REALM OF SPORT
BY SPIRITS
Things Upset in London House by Unseen Agency
LADDER PUT TO DANCING
Coal is Floated From Cellar to First Floor

LONDON—Very extraordinary and strange things have happened in a North London house recently. Loud explosions like bombs have been heard, lumps of coal have been unaccountably propelled by some unknown agency in all directions, brooms have flown violently from a landing into the kitchen, while glass and china have been smashed and windows broken.

A boy sitting on a chair was raised with the chair from the ground. The occupier of the house, a Mr. Frost, gave an interesting account of the household's uncanny experiences.

"The disturbance," he said, "started about a month ago, when we heard a series of loud explosions coming from the coal cellar. We went down into the cellar and found that the coal had been thrown about in all directions. Thinking that perhaps there was something the matter with the coal, we removed it from the cellar into the garden, which is at the back of the house."

"At 8 o'clock the next morning the whole family, there are no servants kept, was seated at breakfast. There was a sudden crash, and coal was found on the first landing."

"So it has gone on. We have ordered fresh coal, but with brief intervals of peace, coal is projected from somewhere from any and every direction apparently, smashing gas globes, vases and china."

ANIMATED STEP LADDER
Up to a little while ago it was only coal that had been the chief centre of disturbances, but now there is another development.

"One Sunday while I was at church," said Mr. Frost, "my son was at home in the kitchen and without the slightest warning he saw the step ladder rise and fall several times, and some long brooms that were just outside the kitchen door came flying into the room at him."

"On the day following we were at tea," he continued, "when the plates in front of my two sons rose up off the table and fell again without breaking."

These are but some of the strange things that have happened in the house.

According to Mr. Frost, when the elder boy was out of the house nothing happened, and he also says that when these manifestations occur they coincide with the presence of some youthful member of the household.

None of the family are connected in any way with any spiritualistic society and the question is being freely asked all over the district, in fact, over London, as to what can be the possible reason for these strange happenings.

If the theory of an unknown force is accepted, then the utter want of purpose or meaning in the manifestation has to be admitted. But this lack of meaning may well be an argument in favor of their genuineness.

Meanwhile, the Society of Physical Research is investigating the strange happenings, and their findings are being eagerly awaited by the whole of spiritualistic London.

WAGES CUT.
TOLEDO—Contractors here today announced a proposed cut of 20 per cent in the wages of men engaged in building construction. Their contracts with various unions expire April 1 and the reduction is declared imperative if building is to be revived.

OHIOANS CHOSEN FOR SOCIETY COMMITTEES
CINCINNATI—The general assembly of the General Society of Colonial Wars will be held in Cincinnati June 3 and 4. W. I. Sanders, governor of the society in Ohio announced today.

Committees for Ohio announced by Governor Sanders include the following:

Gentlemen of the council, Alvin M. Woolson, Toledo; William G. Mathers and John McGrath, Cleveland.

Committee on membership: George D. Adas, Cleveland, and Birchard A. Hays, Toledo.

Committee on collection of historical documents and records: Charles W. Burrows, Cleveland, and Asael E. Adams, Youngstown.

NOTICE

EARNEST "ACTED QUEER"
Police Tuesday released W. R. Earnest, 43, of S. Central-st., who was taken in charge Monday afternoon by officers while acting queerly on E. High-st., according to his brother.

JOY RIDERS AGAIN.
A Buick roadster belonging to C. E. Carpenter, 610 W. Elm-st., stolen Monday night from in front of the Elks' home, was recovered later in the night on the West-rd near the state hospital. It had been abandoned, which leads police to believe it was taken by joy riders.

MEN AND MATTERS
Mayor Frank A. Burkhardt and Councilmen Ellis Jones, A. O. Fugley and J. W. Reed will visit in Port Wayne, Ind., Wednesday, where they will inspect the garbage disposal system there.

F. E. Burkhardt, brother of Mayor Frank Burkhardt, who has been engaged in the publishing business in New York City, paid his brother a visit Monday while on his way to Portland, Oregon, where he will make his residence and finance a publishing plant.

James E. McCue and O. W. Regan are in Franklin attending the funeral of a relative, Edward Tracy.

GYM CLASS COMPETITION ENDS WITH "Y" BANQUET
Team competition of the senior gymnasium classes ended Monday evening, with a banquet at the Y. M. C. A. Greenland's team won with a total of 221 points to their credit.

Addresses were given by the captains of the teams and by some of the members and everybody joined in some snappy singing.

From now on the work will be of an individual character, with a contest to find the individual star of the class. As soon as the weather is appropriate, outdoor sports will be taken up.

Stars
NEW YORK—Shining brightly in the firmament of athletic endeavor are two agile young women who have written their names and deeds indelibly into the pages of Sportsdom's Book of Fame.

One is Miss Alexa Stirling, of Atlanta, an auburn-haired, brown-eyed daughter of the Sunny South.

The other is Mrs. Molla Bjursted Mallory, Norwegian by birth, American by adoption—a dark-eyed, black-haired young woman who is brimful of vitality and a love for healthful exercise.

Miss Stirling, champion woman golfer of the United States, is a youthful star of finest ability. Mrs. Mallory, holder of the national women's tennis singles title ranks equally high in her field of activity.

Only superlatives can justly describe the ability of these two stars. They hold positions relative to those of William T. Tilden, 2d, and Chick Evans in the men's division of tennis and golf, and for consistency they rank shoulders above their nearest rivals, despite the fact that American women golfers and tennis players of brilliant ability have been developed within the past ten years or so.

Mrs. Mallory, the raven-haired "Norse Girl," is highly consistent as the winner of the national tennis championship.

She first won the honor in 1915, and coming back the following year successfully defended her laurels. In 1917 she played through the "patriotic championships," displaying the same brilliant dash and style that had won her the title, and when championship play was resumed in 1918 she again captured highest honors.

Mrs. George W. Wightman, of Boston, broke into Mrs. Mallory's reign of victory in the Fall of 1919, when she defeated the Norwegian girl in the final round of the annual tourney in Philadelphia and won back the title she had held in 1909, '10 and '11 as Miss Hazel Hotchkiss, of California.

COMES BACK STRONG
The setback of Mrs. Mallory was only temporary. Last year she came back with a strong flash of her erstwhile class and smashed her way through one of the most capable fields of women players that has ever contested for the singles championship, winning back the title and taking rank as a four-time champion.

Mallory has held the title in five out of the last six seasons. In 1917 she was a holdover champion, as the title tournament was dispensed with because of the war.

CHAMP FOUR TIMES
Along with Mrs. Wightman and Miss Elizabeth Moore, who first won the title back in 1896, Mrs. Mallory takes rank as a four-time champion.

Miss J. P. Atkinson and Miss Mary Browne are the only women players in the history of the game in this country, dating back to 1887, who have come close to approaching the four-time mark. Each of these players held the national championship three times.

Mrs. Mallory's ability lies not only in her knowledge of the game but in her fine physique and endurance. She is consistent rather than sensational, and there is nothing of the "actress" in her appearance on the courts.

THREE TIMES CHAMPION
Miss Stirling holds a position in the realm of golf that compares on a par with Mrs. Mallory's place in tennis. Since Mrs. C. S. Brown, of Shinnecock Hills, won the first women's national title in 1895 there have been but three women golfers who have annexed the championship three times, and Miss Stirling is one of this trio. The other three-time winners were:

Miss Beatrix Hoyt, in 1896, '97 and '98.
Miss Margaret Curtis, in 1907, '11 and '12.
The present title-holder first came into the championship in 1916 when, as a girl just approaching her eighteenth birthday, she surprised the golfing world by her sensational playing in the annual tournament at the Belmont Springs Country Club, Waverly, Mass., by defeating Miss Mildred Caverly in the final round, 2 and 1. As is often the case when an unheard-of champion is crowned, the word "lucky" was associated with her victory, but she has since proven to the entire satisfaction of her admirers that there is nothing "lucky" about it.

RETAIN HER TITLE
In 1917 and 1918 the national tournament was abandoned on account of the World War, but in 1919 Miss Stirling again led the field and retained her title by displaying a more brilliant brand of golf than ever.

SENSATION LAST YEAR
Last year her playing was the sensation of the annual tournament, which was held at Cleveland, and once again she was crowned "queen" of American women golfers.

In addition to being the last golfer Miss Stirling is an accomplished violinist and a lover of other forms of outdoor exercise. As a slip of a girl she cared nothing for dolls and tea-cups, preferring to wield a saw or a hammer or to follow "Daddy" Stirling over the golf course at Atlanta. She started playing golf at the age of 11 and today, at 22, she is at the crest of her career. Miss Stirling, who looks like a schoolgirl, takes a strong, full swing at a golf ball and her drives are full of youthful power, often sailing out 225 yards or more.

TO GO TO ENGLAND
During the coming season Miss Stirling will go to England to show the British what a daughter of the sovereign State of Georgia can do with a set of golf clubs. She will compete in the British national women's championship, scheduled for May 30 over the Turnberry course on the East Coast of Scotland. It is possible that Mrs. Mallory may also invade England and perhaps France, in search of tennis laurels on the other side this year.

Stars
NEW YORK—Shining brightly in the firmament of athletic endeavor are two agile young women who have written their names and deeds indelibly into the pages of Sportsdom's Book of Fame.

One is Miss Alexa Stirling, of Atlanta, an auburn-haired, brown-eyed daughter of the Sunny South.

The other is Mrs. Molla Bjursted Mallory, Norwegian by birth, American by adoption—a dark-eyed, black-haired young woman who is brimful of vitality and a love for healthful exercise.

Miss Stirling, champion woman golfer of the United States, is a youthful star of finest ability. Mrs. Mallory, holder of the national women's tennis singles title ranks equally high in her field of activity.

Only superlatives can justly describe the ability of these two stars. They hold positions relative to those of William T. Tilden, 2d, and Chick Evans in the men's division of tennis and golf, and for consistency they rank shoulders above their nearest rivals, despite the fact that American women golfers and tennis players of brilliant ability have been developed within the past ten years or so.

Mrs. Mallory, the raven-haired "Norse Girl," is highly consistent as the winner of the national tennis championship.

She first won the honor in 1915, and coming back the following year successfully defended her laurels. In 1917 she played through the "patriotic championships," displaying the same brilliant dash and style that had won her the title, and when championship play was resumed in 1918 she again captured highest honors.

Mrs. George W. Wightman, of Boston, broke into Mrs. Mallory's reign of victory in the Fall of 1919, when she defeated the Norwegian girl in the final round of the annual tourney in Philadelphia and won back the title she had held in 1909, '10 and '11 as Miss Hazel Hotchkiss, of California.

COMES BACK STRONG
The setback of Mrs. Mallory was only temporary. Last year she came back with a strong flash of her erstwhile class and smashed her way through one of the most capable fields of women players that has ever contested for the singles championship, winning back the title and taking rank as a four-time champion.

Mallory has held the title in five out of the last six seasons. In 1917 she was a holdover champion, as the title tournament was dispensed with because of the war.

CHAMP FOUR TIMES
Along with Mrs. Wightman and Miss Elizabeth Moore, who first won the title back in 1896, Mrs. Mallory takes rank as a four-time champion.

Miss J. P. Atkinson and Miss Mary Browne are the only women players in the history of the game in this country, dating back to 1887, who have come close to approaching the four-time mark. Each of these players held the national championship three times.

Mrs. Mallory's ability lies not only in her knowledge of the game but in her fine physique and endurance. She is consistent rather than sensational, and there is nothing of the "actress" in her appearance on the courts.

THREE TIMES CHAMPION
Miss Stirling holds a position in the realm of golf that compares on a par with Mrs. Mallory's place in tennis. Since Mrs. C. S. Brown, of Shinnecock Hills, won the first women's national title in 1895 there have been but three women golfers who have annexed the championship three times, and Miss Stirling is one of this trio. The other three-time winners were:

Miss Beatrix Hoyt, in 1896, '97 and '98.
Miss Margaret Curtis, in 1907, '11 and '12.
The present title-holder first came into the championship in 1916 when, as a girl just approaching her eighteenth birthday, she surprised the golfing world by her sensational playing in the annual tournament at the Belmont Springs Country Club, Waverly, Mass., by defeating Miss Mildred Caverly in the final round, 2 and 1. As is often the case when an unheard-of champion is crowned, the word "lucky" was associated with her victory, but she has since proven to the entire satisfaction of her admirers that there is nothing "lucky" about it.

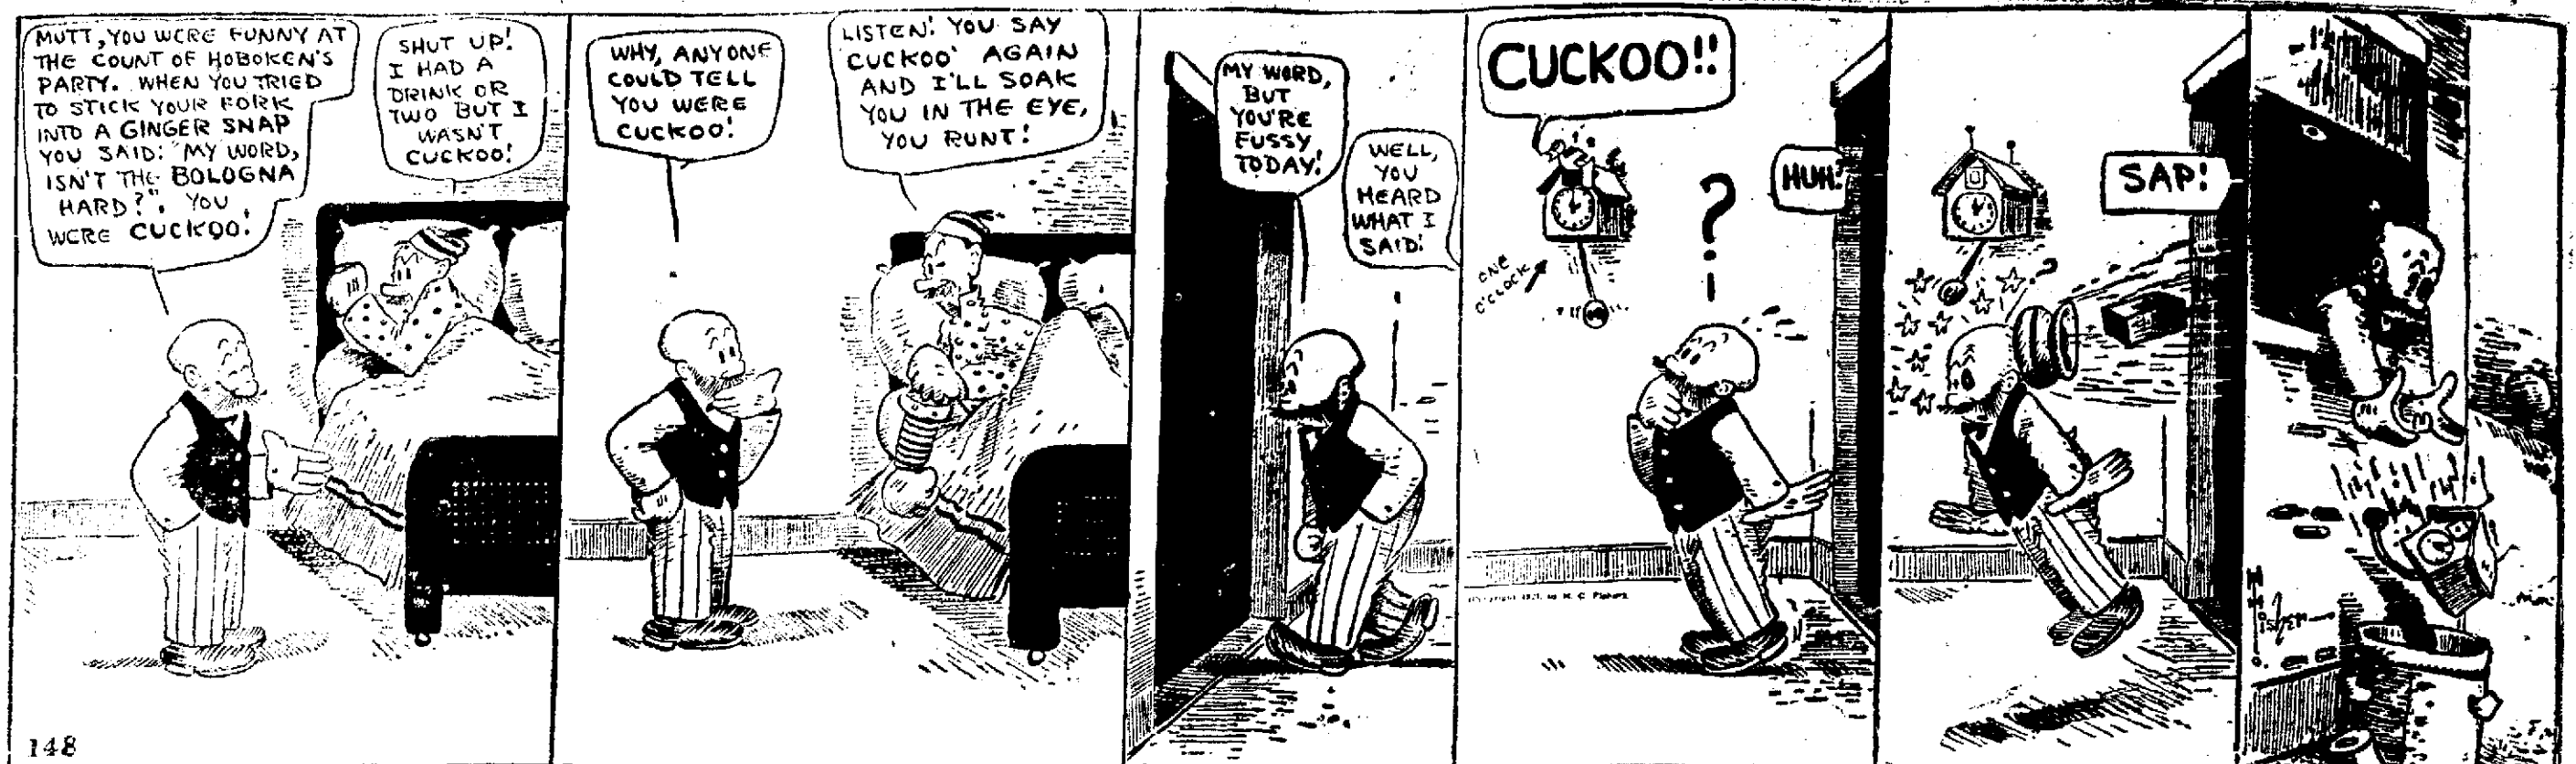

RETAIN HER TITLE
In 1917 and 1918 the national tournament was abandoned on account of the World War, but in 1919 Miss Stirling again led the field and retained her title by displaying a more brilliant brand of golf than ever.

SENSATION LAST YEAR
Last year her playing was the sensation of the annual tournament, which was held at Cleveland, and once again she was crowned "queen" of American women golfers.

In addition to being the last golfer Miss Stirling is an accomplished violinist and a lover of other forms of outdoor exercise. As a slip of a girl she cared nothing for dolls and tea-cups, preferring to wield a saw or a hammer or to follow "Daddy" Stirling over the golf course at Atlanta. She started playing golf at the age of 11 and today, at 22, she is at the crest of her career. Miss Stirling, who looks like a schoolgirl, takes a strong, full swing at a golf ball and her drives are full of youthful power, often sailing out 225 yards or more.

Don John says a friend of his met with an unfortunate accident at McBeth's Park. "He was showing us how a man came to fall into the pond," reports John. "His foot slipped and he fell in the same way, making a yet larger splash."

Tom Townsend, haberdasher and tailor, wondered why a man wanted his trousers designed without hip pockets. "It's my wife's idea," he said. "She thinks that if I haven't a hip pocket I won't be tempted to carry a flask."

Simple Phosphate Supplies
Strength and Energy Building
Elements That Modern
Foods Lack.

Just one or two little tablets of real organic phosphate dispensed in drug stores under the name of Bitrophosphate taken with each meal is probably just what you need to cause you to jump out of bed in the morning eager for the industrial battle of the day.

Modern foods lack sufficient phosphorus, and that is why 40 per cent. of the man and women today are nervous, weak and run-down. Bitrophosphate is safe to take and Ketter's Enterprise Drug Store or any good druggist can supply it at reasonable cost. — Adv.

Have Bread Filled With Raisins
For Flavor and for Health

A bread is made that's full of raisins, luscious nuggets of sun-cured California fruit, Nature's own confections. It's called Sun-Maid Raisin Bread. First-class bakers make it, and supply it to retailers, or you can bake it at home according to the recipe below.

Serve such bread because it's real raisin bread and because it's healthful.

Raisins are rich in natural iron content. Natural iron in the blood makes ruddy, rosy cheeks. Rosy cheeks make pretty women prettier.

One needs but little iron daily, but that need is vitally important. Eat raisins daily and be sure you're getting all the iron you need.

SUN-MAID
RAISINS

Sun-Maid Raisin Bread is made with Sun-Maid Raisins, California's best. Use these raisins for all home cooking purposes. In pies, cakes, puddings, salads, rolls, etc.

Plump, tender, juicy raisins, made from the finest table grapes. Packed in California in a great, new, immaculate plant. Clean, sweet, whole-

some American raisins—the kind you know are good.

Three varieties: Sun-Maid Seeded (seeds removed); Sun-Maid Seedless (grown without seeds); Sun-Maid Clusters (on the stem). All dealers. Insist upon the Sun-Maid brand.

Charm of
Motherhood

THERE are many homes once childless that now are blessed with healthy, happy children, because Lydia E. Pinkham's Vegetable Compound restored the mother to a healthy, normal physical condition.

The following letters give the experience of two young women and prove the value of Lydia E. Pinkham's Vegetable Compound in such cases.

Chicago, Ill.—"I was always tired, my head always ached, and my back ached until I could hardly stand the pain. I doctored for years, and the doctor said nothing but an operation would help me, and that I could not have children. A friend asked me to try Lydia E. Pinkham's Vegetable Compound. I took six bottles of it and it helped me wonderfully, and I now have a fine baby boy, thanks to what your medicine did for me in restoring my health. I can highly recommend the Compound to all women who suffer from female ills."—Mrs. Wm. Rens, 304 Willow St., Chicago, Ill.

Marinette, Wis.—"I was in a very nervous condition, was irregular, and could not have any children. I took doctor's medicine without success, and he advised an operation. My husband brought me one of your booklets and asked me to try Lydia E. Pinkham's Vegetable Compound. I soon felt benefitted by its use, became regular, and now we have a fine baby girl after having been married nine years. I am always glad to recommend Lydia E. Pinkham's Vegetable Compound to my friends who suffer from such troubles."—Mrs. H. B. Field, 330 Jefferson St., Marinette, Wis.
